

SUREFOOT

WELCOMES

NEW JERSEY SKI COUNCIL

THANK YOU FOR CHOOSING THE
KILLINGTON REGION FOR ANY OF YOUR UPCOMING SKI TRIPS!

We at Surefoot have many products for you to ski better and more comfortably than you ever have. One major component of skiing is alignment. Having a flat ski to initiate the turn makes the ultimate difference in performance and comfort. With this in mind we at Surefoot (Killington & Sugarbush) would like to offer a **free alignment analysis** for **all your current members** valid at the Killington or Sugarbush locations anytime this season 2009-2010. This way everyone gets something! Come in with your ski boots to the Vermont location of your choice during your trip with the club or any trip to Killington or Sugarbush and we will measure your existing alignment for free and if you need support we will make the appropriate recommendations. Surefoot has been making Custom Ski Boots for over 25 years and we are the industry leader in sales and customization of ski boots worldwide in our 25 locations throughout the ski world. We offer the Surefoot Orthotics; Computer measured and Cad Cam carved to create the best foundation for your skiing platform. See more information and a list of all stores at:

surefoot.com.
